The ArchCare at San Vicente de Paúl Assisted Living Program and Licensed Home Care Service Agency offers housing for people who wish to maintain their independence but require assistance with activities of daily living. Co-located with ArchCare at San Vicente de Paúl Nursing Home and Rehabilitation Center and the ArchCare Senior Life Program of All-inclusive Care for the Elderly, the Assisted Living Program is designed to maximize residents' health, safety and well-being through a full array of on-site medical, social and other services, and close coordination of specialized care received from outside healthcare providers.

Eligible residents receive services through our Licensed Home Care Services Agency that extend well beyond those offered in a typical enriched living or adult home setting. They receive assistance as needed with toileting and personal hygiene, transferring in and out of bed, monitoring of chronic medical conditions, glucose monitoring, catheter care, oxygen assistance, intensive case management, regular safety checks, and escorts to meals.

Services available on-site include:

- Primary medical and nursing care
- Mental health services
- Podiatry
- Home care
- Pharmacy
- Medical supplies and equipment
- Therapeutic recreation
- Pastoral care
- Dietary services, including regular, kosher and special diet meals and nutritional education
- 24-hour personal care to assist with activities of daily living
- Housekeeping and laundry
- Transportation coordination
- 24-hour security

Additional features help to preserve residents' sense of dignity and self-sufficiency while they continue to live safely and comfortably in an atmosphere of warmth and respect. Among the many available amenities:

- Barber/beauty salon, at minimal cost
- Low-cost personal cell phone service
- Personal clothing vendors
- Financial management
- State-of-the-art fitness room
- Computer and Internet access
- Referrals to education and vocational agencies
